

Blackboard Summer 2017 Term Course Preparation

April 5, 2017

Faculty gain access to course shells and can begin to prepare Summer 2017 courses.

There are two options for course creation:

1. Copy previously taught course content
2. Develop new course content

The UTHSC Template is a great starting point and meets general quality standards in Overall Course Design, Learner Support and Usability.

April 5 - June 16

Students are populated into Summer 2017 courses.

Banner automatically adds and drops students.
After June 16, the registrar will notify the TLC of any drops.

**Students gain access to Summer 2017 courses.
Faculty can change this date, if needed.**

May 25

June 26

**Part 1
Summer Term Starts**

**Part 2
Summer Term Starts**

For assistance with best practices, course design, or using the UTHSC template, contact Karen Shader, PhD, kshader@uthsc.edu or Zelfhia Brown, EdD, zbrown12@uthsc.edu.
