The Private Sector and Cash Transfers in Africa

Sheshangai Kaniki

1 May 23, 2008

Abstract

1 There is growing emphasis on the role played by the private sector in alleviating poverty in Africa.

At the same time, greater focus is being placed on cash transfers as a poverty alleviation tool. This paper provides an economic rationale for private sector involvement in the provision of cash transfers. Previous research has focused on how the financial sector can provide payment solutions. In addition to payment mechanisms, the paper examines other avenues through which the private sector can contribute to cash transfer

It is at the instructor's discretion whether or not to count certain text as a citation. SafeAssign makes this process easy through the report. Any information regarded as a citation should be checked and resubmitted for a new percentage match. Correctly citing work can lead to a lower score in the SafeAssign system.
